### **Introducing A Personal Evangelism Seminar** **Written by Rob L. Whitacre**

Are you ready for an evangelism boot camp? There was a time in our not so distant past when these types of seminars were being held all over our nation. Christians carried film strips (Jule Miller) in the back of their trunks and went house to house teaching anyone who would listen the Gospel of Christ. Now most of our training is inwardly focused and are geared towards keeping the saved, saved. Success is seen in how many sister congregations attend our events and rarely on how many non-Christians attend. A few years ago, a brother called and invited us to come do this seminar. He said, "Brother Rob, we have not had an evangelism seminar in central Texas in over 20 years." We are at a crisis stage for churches of Christ in America, but it is not too late.

What is a personal evangelism seminar? It is an effort to train the saved to teach the lost. We will spend time equipping Christians with a soul winning strategy. We will relay stories of real people who are coming to know their Savior and provide you the simple principles used to get them into a Bible study and help them obey the Gospel. We will spend time with elders and preachers and help them develop a winning strategy for the local congregation.

What can you do? First, please attend every session as each builds upon the other. Second, come ready to learn with Bible in hand, and ready to take notes. This is not just a lecture. It will be both principle and practice. Third, please be praying about souls to save. Since this focuses on training Christians how to reach the lost, it is not recommended that you invite your non-Christian friends and family. After being trained, you will have plenty of opportunity and a working method to reach them.

This seminar is having a great affect upon congregations. Hundreds of souls have been saved in just the past year, and if we all work together, and follow the Great Evangelist (Jesus), many more souls will be saved. The Lord is depending upon you for this evangelistic effort to be successful. The Gospel is not a passive process. It is an active process that will work when we are willing to work it. Below is a schedule of topics. I will be willing to answer any of your questions and materials will be available to help equip you with all the tools needed.
